

**SiV**

Studie-och yrkesvägledare  
inom vuxenutbildning

---

*Study and career counsellors  
within the adult education*

## SiV

SiV is a national network connected within the main association ViS (*Vuxenutbildning i samverkan*). The network consists of a group study and career counsellors working to achieve the purpose and objectives of ViS.

As a member of the network you will be able to take part of substantial activities, such as;

- A network of colleagues spread throughout the country
- Opportunity to contribute in important matters concerning our work
- Opportunity to influence decisions in different national constellations

SiV is also working for experience-sharing, development of study and career counselling for adult students, arranging in-service training, supporting contact networks and being active in establishing of new contact networks.

We provide political referral reports and missives which may affect our daily work. The working group has regularly organized conferences for members and has the ambition to keep on with this mission.

## The team

The team consists of five study and guidance counsellors from different parts of the country. Please feel free to contact the team with your question, or if you are just curious to know more about the organization.

## Contact information

Vallentuna, Vaxholm, Täby och Österåker)

[vanessa.janpar@taby.se](mailto:vanessa.janpar@taby.se)

## **Webinar**

We arrange and offer web-based in-service training for study and career counsellors working in adult education. In that way, we can provide freshly updated information about our profession.

Municipalities and schools that wish to participate in the webinars have to register a membership and pay an annual fee based on the number of study and career counsellors within its municipality or school. The annual fee is used to cover the cost for lecturer, technical support, webcasts and the expenses for the website.

## **Scholarship**

SiV offers members scholarship to use for finding, developing, implementing and discovering activities within guidance and counselling areas in the adult education.

For a number of years the SiV Network has awarded members scholarship to participate in the International Conference, IAEVG. This year the scholarship has been replaced by a theme and activity-based scholarship.

You will find more information about this year's scholarship on our website.

## Website

On ViS website [visnet.se](http://visnet.se) you will find information about the SiV network under the "Network" tab.

## Follow us

SiV has an open page on Facebook for study and career counsellors working with adult education and for students studying in the study and career guidance program.

Curious? To inquire for membership, please search us on Facebook through tag: *Studie-och yrkesvägledare inom vuxenutbildning SiV*
